

Dear Hiring Manager,

I am writing to express my interest in the AI/ML role at your organization. I hold an Integrated M.Sc. in Data Science and have 2.5 years of hands-on experience building and deploying machine learning systems across computer vision and generative AI applications.

My experience includes developing object detection models, optimizing inference pipelines for real-time performance, and designing scalable hybrid retrieval systems using embedding-based architectures. I have worked on end-to-end ML workflows — from data preprocessing and model development to evaluation and deployment.

I am passionate about building production-ready AI systems that create measurable impact and continuously strive to deepen my technical expertise.

I would welcome the opportunity to contribute to your team.

Sincerely,
Aiyshwarya Aruchamy
